

Northstar Technologies

Sample Employee Handbook

This fictional handbook was created for a RAG chatbot demonstration project. It contains sample workplace policies that can be searched and retrieved by an AI application.

1. Working Hours

Standard working hours are Monday through Friday, 9:00 AM to 5:00 PM. Employees receive a one-hour unpaid lunch break. Teams may approve flexible schedules when business needs are still met.

2. Paid Time Off

Full-time employees receive 15 days of paid vacation each calendar year. Employees also receive 5 paid personal days. Vacation requests should normally be submitted at least two weeks in advance and require manager approval.

3. Sick Leave

Full-time employees receive 8 paid sick days per year. Employees should notify their manager as soon as possible when they are unable to work because of illness.

4. Remote Work Policy

Eligible employees may work remotely up to two days per week with manager approval. Employees working remotely must remain available during their agreed working hours and must protect confidential company information.

5. Health Benefits

Full-time employees become eligible for medical, dental, and vision insurance on the first day of the month following 30 days of employment. The company pays 75 percent of the employee's medical insurance premium.

6. Retirement Plan

Employees may participate in the company's 401(k) retirement plan after 90 days of employment. Northstar Technologies matches 50 percent of employee contributions up to 6 percent of eligible pay.

7. Professional Development

Employees may receive up to \$1,500 per calendar year for approved professional development, including job-related courses, certifications, conferences, and technical training.

8. Information Security

Employees must use strong passwords, enable multi-factor authentication when available, and never share company credentials. Suspected phishing messages or security incidents should be reported to the IT team immediately.

9. Workplace Conduct

Employees are expected to communicate professionally, treat coworkers and customers with respect, and follow company policies. Harassment, discrimination, threats, and retaliation are prohibited.

10. Equipment

Company-issued laptops and other equipment are provided for authorized business use. Employees are responsible for reasonable care of company equipment and must return it when employment ends.

Example questions for the RAG chatbot:

- How many vacation days do employees receive?
- Can employees work remotely?
- When do health benefits begin?
- How much does the company provide for professional development?
- What should an employee do after receiving a suspicious email?
